Do this by making a gross sales web page for the new ebook, however don't include a price on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to test out prices by creating a number of duplicate gross sales pages with totally different costs on each page. Be certain your gross sales copy is exactly the identical on

every web page, and consists of your selling-handle sentence. Then figure out for each page the conversion ratio between guests to your site and sales of your book. This may tell you what your optimum value is.

Finally, should you've written a ebook that solves a drawback or presents a new technique, your e-book will herald each site visitors and profits. So be sure to write that selling-deal with sentence that sums up what downside your book solves and what the advantages of your 1000 e-book can be to the customers who buy it.
