In addition to promoting your books assiduously on-line, there are a number of other strategies that may assist you to promote extra books.

An effective approach for determining a value is to ship out a survey to your current customers. If these clients have already purchased an e-book from you, ask for their opinion when it comes to price. Do this by making a gross sales page for the new book, but don't include a worth on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another technique is to check out prices by making a variety of duplicate gross sales pages with different costs on each page. Be certain that your sales copy is precisely the identical on every

web page, and includes your promoting-deal with sentence. Then work out for every page the conversion ratio between visitors to your web site and gross sales of your book. This can inform you what your optimum price is.

In the end, if you've written a e book that solves a problem or presents a new technique, your guide will usher in both visitors and profits. So you should definitely write that promoting-handle sentence that sums up what problem your e-book solves and what the advantages of your 106 e book will be to the shoppers who purchase it. And then watch your market come to you!
