An efficient method for determining a value is to ship out a survey to your current customers. If these customers have already purchased an e book from you, ask for their opinion when it comes to

price. Do this by making a sales web page for the brand new book, however do not include a worth on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other technique is to check out costs by creating a number of duplicate gross sales pages with completely different costs on every page. Be sure your sales copy is exactly the same on every page, and contains your selling-handle sentence. Then figure out for every page the conversion ratio between visitors to your web site and gross sales of your book. This may inform you what your optimum price is.

Ultimately, in case you've written a guide that solves a problem or presents a new method, your guide will herald each visitors and profits. So be sure to write that promoting-deal with sentence that sums up what drawback your ebook solves and what the benefits of your 1090 ebook will probably be to the customers who purchase it.
