However, if your e-book accommodates beneficial ? and more importantly NEW information, references, or techniques ? then it is best to aim to cost it on the excessive end.

After you determine your aim, you must determine what your viewers's need is in your ebook. For instance, does your book remedy a specific downside? If it does, and solves it in a approach that hasn't been written about in one hundred other ebooks, you'll be in a position to achieve high sales

at a excessive price. If your book solves a problem or solutions questions in a brand new and unique method, it's best to price your ebook as excessive as you'll be able to go. If you want to see giant income over customer draw, goal for an viewers that's in search of easy options to their issues at a low price.
