An efficient approach for determining a price is to send out a survey to your present customers. If these clients have already bought an e-book from you, ask for their opinion when it comes to price.

Do this by making a sales web page for the brand new ebook, but do not embrace a value on that page. Instead, add plenty of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to test out costs by creating a number of duplicate sales pages with different prices on each page. Make certain your gross sales copy is exactly the same on each web page, and includes your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your site and gross sales of your book. This will tell you what your optimum worth is.

Finally, should you've written a book that solves a problem or presents a new technique, your e-book will herald both site visitors and profits.
