An efficient method for figuring out a price is to ship out a survey to your current customers. If these customers have already purchased an ebook from you, ask for their opinion when it comes to price. Do that by making a sales web page for the new book, but don't embrace a worth on that page. As a substitute, add various links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another technique is to test out costs by making a number of duplicate gross sales pages with different prices on each page. Ensure that your gross sales copy is precisely the same on every web page, and includes your promoting-handle sentence. Then work out for each page the conversion ratio between guests to your site and gross sales of your book. This will tell you what your optimum price is.

Ultimately, when you've written a e book that solves a downside or presents a brand new technique, your guide will bring in each site visitors and profits. So you should definitely write that selling-handle sentence that sums up what problem your e book solves and what the advantages of your 125 e book can be to the shoppers who buy it.
