An effective method for determining a worth is to send out a survey to your current customers. If these customers have already bought a book from you, ask for his or her opinion when it comes to price. Another strategy is to check out costs by making a variety of duplicate sales pages with different costs on each page. Ensure that your sales copy is precisely the same on every page, and consists of your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your website and gross sales of your book. It will let you know what your optimum price is.
