An efficient technique for figuring out a price is to send out a survey to your present customers. If these clients have already purchased an e book from you, ask for his or her opinion in terms of price. Do that by making a sales web page for the new ebook, but don't embrace a price on that page. Instead, add quite a few links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to test out prices by creating a number of duplicate sales pages with totally different costs on every page. Ensure your sales copy is strictly the same on every page, and

includes your promoting-deal with sentence. Then determine for each page the conversion ratio between guests to your web site and sales of your book. This can let you know what your optimum value is.

In the end, should you've written a book that solves a problem or presents a new method, your e book will herald both traffic and profits.
