Another technique is to test out prices by making a variety of duplicate gross sales pages with different costs on each page. Make certain your gross sales copy is strictly the identical on each page, and contains your promoting-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and gross sales of your book. This can tell you what your optimum value is.

Finally, in the event you've written a e-book that solves a downside or presents a new approach, your e-book will usher in each visitors and profits.
