promotional material, and every time anyone asks you about your ebook.

In addition to selling your books assiduously online, there are a number of other methods that can enable you to promote more books.

One is to present something away without cost with your ebook, corresponding to a priceless bonus item. Or bundle a number of ebooks under one price, which lowers the price for each book in the event that they have been offered separately.

An efficient technique for figuring out a value is to ship out a survey to your current customers. If these customers have already purchased an ebook from you, ask for his or her opinion in terms of price. Do that by creating a gross sales web page for the brand new guide, but don't include a worth on that page. Instead, add numerous hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other technique is to test out prices by making a number of duplicate gross sales pages with different costs on every page. Ensure that your gross sales copy is precisely the same on every web page, and includes your selling-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your website and sales of your book. This will inform you what your optimum price is.

Finally, in case you've written a book that solves a downside or presents a brand new method, your e-book will herald both site visitors and profits. So you'll want to write that selling-deal with sentence that sums up what drawback your book solves and what the benefits of your 1836 book shall be to the shoppers who purchase it.
