Then make sure to use that sentence in every piece of gross sales and promotional materials, and every time anyone asks you about your ebook.

Besides promoting your books assiduously online, there are several different methods that can help you promote more books.

One is to present one thing away for free together with your e book, corresponding to a worthwhile bonus item. Or bundle a number of ebooks below one worth, which lowers the price for every book if they had been bought separately.

An efficient approach for figuring out a price is to send out a survey to your current customers. If these customers have already purchased an book from you, ask for his or her opinion when it comes to price. Do that by making a sales page for the new e book, however don't include a value on that page. As a substitute, add a variety of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other technique is to test out prices by making a variety of duplicate sales pages with completely different prices on each page. Be sure that your gross sales copy is exactly the similar on every page, and includes your selling-deal with sentence. Then work out for every web page the conversion ratio between guests to your web site and gross sales of your book. This may inform you what your optimum worth is.
