Another technique is to test out prices by making a number of duplicate sales pages with different prices on every page. Be sure that your gross sales copy is exactly the identical on each web page,

and contains your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your web site and gross sales of your book. This will inform you what your optimum worth is.

Finally, in case you've written a guide that solves a problem or presents a new approach, your e book will bring in each site visitors and profits.
