by creating a sales web page for the new e-book, however don't embrace a price on that page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to test out prices by making a number of duplicate gross sales pages with different costs on each page. Be sure that your sales copy is exactly the same on every web page, and contains your promoting-handle sentence. Then figure out for each page the conversion ratio between visitors to your website and sales of your book. It will tell you what your optimum price is.

In the end, when you've written a book that solves a drawback or presents a new approach, your book will usher in both site visitors and profits. So you'll want to write that promoting-handle sentence that sums up what drawback your e-book solves and what the advantages of your 192 e book shall be to the customers who buy it.
