Do that by creating a gross sales web page for the new guide, however don't embrace a value on that page. As a substitute, add numerous links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to check out costs by creating a number of duplicate sales pages with completely different prices on every page. Make sure that your sales copy is strictly the same on every web page, and includes your selling-handle sentence. Then determine for every web page the conversion ratio between guests to your website and gross sales of your book. This can let you know what your optimum value is.

Finally, in the event you've written a e book that solves a problem or presents a brand new technique, your ebook will bring in both traffic and profits.
