Advertising Methods

The important thing that unlocks the sales potential of your e-book is to find a single sentence that becomes your selling handle. This sentence states what query or downside your e book solutions and the benefits your e book can provide. Then you'll want to use that sentence in each piece of

gross sales and promotional materials, and every time anyone asks you about your ebook.

Moreover promoting your books assiduously on-line, there are a number of different methods that can enable you to sell more books.

One is to present something away free of charge with your book, akin to a worthwhile bonus item. Or bundle several ebooks below one worth, which lowers the price for every book if they were bought separately.

An effective approach for determining a value is to send out a survey to your current customers. If these clients have already bought an e-book from you, ask for his or her opinion when it comes to price. Do that by creating a sales page for the new e book, but don't embody a worth on that page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to check out costs by making a number of duplicate sales pages with different prices on every page. Make sure that your sales copy is precisely the identical on every web page, and includes your promoting-handle sentence. Then work out for each page the conversion ratio between guests to your site and gross sales of your book. This will let you know what your optimum worth is.

Finally, when you've written a e-book that solves a drawback or presents a new method, your ebook will usher in both site visitors and profits.
