One is to present one thing away without cost with your guide, similar to a valuable bonus item. Or bundle several ebooks below one value, which lowers the value for every e-book if they had been bought separately.

An efficient approach for determining a value is to ship out a survey to your present customers. If these prospects have already purchased an ebook from you, ask for their opinion in terms of price. Do that by creating a gross sales page for the new e book, however don't include a value on that page. One other technique is to test out prices by making a variety of duplicate gross sales pages with completely different costs on each page. Be certain your sales copy is precisely the same on each page, and consists of your selling-handle sentence. Then figure out for every web page the conversion ratio between visitors to your website and gross sales of your book. This will tell you what your optimum worth is.
