An efficient technique for determining a value is to ship out a survey to your present customers. If these clients have already purchased an ebook from you, ask for their opinion when it comes to price. Do that by creating a sales web page for the brand new e book, however don't embrace a value on that page. As a substitute, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to test out prices by making a variety of duplicate sales pages with totally different costs on every page. Be sure that your gross sales copy is strictly the identical on each

page, and contains your selling-handle sentence. Then work out for each page the conversion ratio between guests to your site and sales of your book. It will inform you what your optimum value is.

In the end, in case you've written a book that solves a drawback or presents a brand new method, your ebook will herald each site visitors and profits. So you'll want to write that promoting-handle sentence that sums up what problem your book solves and what the advantages of your 50 e-book will likely be to the purchasers who buy it. And then watch your market come to you!
