This sentence states what question or drawback your e book solutions and the advantages your e book can provide. Then you should definitely use that sentence in each piece of gross sales and promotional material, and each time anyone asks you about your ebook.

In addition to promoting your books assiduously on-line, there are several other methods that may enable you to sell extra books.

One is to present something away free of charge with your e-book, reminiscent of a priceless bonus item. Or bundle a number of ebooks under one worth, which lowers the price for each e-book in the event that they were sold separately.

An efficient method for figuring out a price is to send out a survey to your present customers. If these customers have already purchased an e-book from you, ask for his or her opinion in terms of price. Do that by creating a gross sales page for the new book, but don't embody a value on that page. As a substitute, add quite a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to check out prices by making a variety of duplicate sales pages with

different prices on each page. Make certain your gross sales copy is precisely the identical on every page, and includes your selling-handle sentence. Then work out for each web page the conversion ratio between visitors to your site and gross sales of your book. It will tell you what your optimum value is.

Ultimately, when you've written a e-book that solves a drawback or presents a brand new method, your guide will bring in both site visitors and profits. So make sure to write that selling-deal with sentence that sums up what drawback your book solves and what the advantages of your 505 guide will probably be to the shoppers who purchase it. And then watch your market come to you!
