One other technique is to test out costs by making a variety of duplicate sales pages with completely different costs on every page. Be certain that your sales copy is exactly the similar on each web page, and contains your selling-deal with sentence. Then determine for every web page the conversion ratio between visitors to your website and gross sales of your book. It will let you know what your optimum price is.

Ultimately, if you happen to've written a e-book that solves a downside or presents a new method, your e-book will bring in both visitors and profits.
