Another strategy is to test out costs by making a variety of duplicate sales pages with completely different prices on every page. Be certain that your gross sales copy is exactly the same on every

page, and consists of your promoting-handle sentence. Then figure out for every page the conversion ratio between visitors to your website and gross sales of your book. This will tell you what your optimum price is.

Finally, if you happen to've written a e book that solves a drawback or presents a new method, your e book will herald both traffic and profits.
