An efficient technique for determining a worth is to send out a survey to your present customers. If these clients have already bought an ebook from you, ask for his or her opinion in terms of price. Do this by creating a gross sales page for the brand new e-book, but do not embrace a price on that page. As an alternative, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to test out costs by creating a variety of duplicate gross sales pages with different prices on each page. Be certain that your sales copy is strictly the identical on every

web page, and contains your selling-deal with sentence. Then work out for each web page the conversion ratio between visitors to your website and sales of your book. This will let you know what your optimum value is.

Ultimately, should you've written a e-book that solves a drawback or presents a new approach, your book will herald each site visitors and profits. So you should definitely write that selling-handle sentence that sums up what drawback your e-book solves and what the advantages of your 779 e-book will probably be to the customers who buy it.
