But the fact that unites ebooks and print books is that they are composed of ideas. It's the ideas in these books that have the flexibility to change, or presumably rework, folks's lives.

What do you assume an idea is value when evaluated against the cost of paper and ink?

It's the IDEAS which are invaluable! That's the way you decide the price of your ebook.

What should I charge for my ideas?

Determine in case your purpose is to get vast distribution and most exposure. In case your guide solves a problem or solutions questions in a brand

new and unique approach, you must worth your ebook as high as you may go. You will achieve bigger income this way, however usher in fewer customers. Simply be prepared on your competition to undercut you on worth as soon as they hear about your book.

Take into account that the above pricing strategy is temporary. Finally, you will cease to promote books at this high price. So determine upfront how lengthy you plan to offer your e-book at this high value, and when that point is up, change your pricing strategy.

If you wish to see giant profits over buyer draw, goal for an audience that's on the lookout for easy solutions to their issues at a low price. In case your e-book is geared toward fixing one particular problem relatively than common advice, then you may cost more. Start on the highest price the market will bear to bring in the largest income, and plan to low cost the ebook a variety of occasions all through the year.
